

Alexandria Gazette

VOLUME CX.-NO. 124

ALEXANDRIA, VA. TUESDAY EVENING, JUNE 1, 1909.

PRICE 2 CENTS

The Story of a Medicine.

Its name—"Golden Medical Discovery"—was suggested by one of its most important and valuable ingredients—Golden Seal root.

Nearly forty years ago, Dr. Pierce discovered that he could, by the use of pure, triple-refined glycerine, aided by a certain degree of constantly maintained heat and with the aid of apparatus and appliances designed for that purpose, extract from our most valuable native medicinal roots their curative properties much better than by the use of alcohol, so generally employed. So the now world-famous "Golden Medical Discovery," for the cure of weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness and kindred derangements was first made, as it ever since has been, without a particle of alcohol in its composition.

A glance at the full list of its ingredients, printed on every bottle-wrapper, will show that it is made from the most valuable medicinal roots found growing in our American forests. All these ingredients have received the strongest endorsement from the leading medical experts, physicians and writers on "Internal Medicine" who recommend them as the very best remedies for the diseases for which "Golden Medical Discovery" is advised. A little book of three endorsements has been compiled by Dr. R. V. Pierce, of Buffalo, N. Y., and will be mailed free to any one asking same by postal card, or letter addressed to the Doctor as above. From these endorsements, copied from standard medical books of all the different schools of practice, it will be found that the ingredients composing the "Golden Medical Discovery" are advised not only for the cure of the above mentioned diseases, but also for the cure of all catarrhal, bronchial and throat affections, accompanied with catarrhal discharges, hoarseness, sore throat, laryngitis, or hang-on-coughs, and all those wasting affections which, if not promptly and properly treated, are liable to terminate in consumption. Take Dr. Pierce's Discovery in time and persevere in its use until you give it a fair trial and it is not likely to disappoint. Too much must not be expected of it. It will perform miracles. It will cure consumption in its advanced stages. No medicine will. It will cure the affection that lead up to consumption, if taken in time.

DRY GOODS.

Contract advertisers will not be allowed to exceed their space unless the excess is paid for at transient rates, and under no circumstances will they be allowed to advertise other than their legitimate business in the space contracted for.

Resolutions in memoriam, of thanks, tributes of respect, resolutions adopted by societies or persons, unless of public concern, will only be printed in the paper as advertisements.

SPLIT ON RACE QUESTION.

Unable to agree upon the terms of settlement, the officials of the Georgia Railroad and of the Brotherhood of Firemen have invoked arbitration under the Erdman law.

It was nearly seven o'clock last night when Commissioner of Labor Neill and Chairman Knapp, of the Interstate Commerce Commission, now in Atlanta, reluctantly gave up hope of bringing the warring elements together.

Commissioner Neill notified both parties to the dispute to select an arbitrator within five days. These two men will select a third. The Erdman act provides that, should the two arbitrators fail to agree on the third member of the commission, he will be named by Messrs. Knapp and Neill. The decision of the arbitrators is made binding by law.

The disagreement came over the retention of negroes. The firemen first demanded the dismissal of all negroes. This was refused. After considerable discussion the firemen submitted another proposition. They agreed that those negroes who were employed prior to April 1 should be retained. Recent promotions of negroes had been cancelled before the men returned to work. The brotherhood demanded that all white firemen should have seniority over all negroes. In addition, they asked that at no time should the number of negroes employed exceed 25 per cent. of the white firemen on the company's payroll. At any time the number of negroes employed dropped below 25 per cent. no more were to be employed. It is said that the Georgia Railroad might have consented to this condition but for the opposition of the terminal company.

When the men returned to work Saturday the railroad company agreed that the status of April 10, when the trouble began, should be restored. The company had then promoted several negroes to good runs and removed white firemen to make room for them. Already the white firemen have been restored to their old runs.

All disputed points and demands were conceded except the seniority of white men and the limitation as to negroes employed.

CONVERTS TO CATHOLICITY.

In preparation for the Congress of Missionaries, to be held at the Apostolic Mission House, Washington, June 9-11, statisticians at that house of studies have been gathering some accurate figures of converts received into the Catholic Church in this country. The records show that during 1908 the number received into the church totaled 28,709.

These figures, received from the reports of the chancery offices, represent the aggregate of adult baptisms in all the dioceses of this country. In 1906, in preparation for the Congress of Missionaries held that year, there were found to be 25,055 converts.

Prior to the congress of 1906 it was difficult to get exact figures, for in many churches there was no note taken of conversions, since that congress little difficulty was encountered in gathering accurate figures.

Converts who have been validly baptized as Protestants, and, therefore, received into the church on simple profession of faith, are not included in this list, and also a percentage of adults, baptized on reception into the church, is not recorded in the above figures, for some unknown reason.

Probably 10 per cent would cover these categories. Adding these to the actual figure of record, it would raise the aggregate to 31,580.

PREPARING TO STRIKE.

President O'Connell, of the International Association of Machinists, has sent out a call for a general strike of the machinists in the repair shops of the Baltimore and Ohio system. Every union man has received his orders, which he will follow as soon as he receives instructions to do so.

President O'Connell, with Presidents Kline and Franklin, of the blacksmiths and boiler-makers, held a final conference with Third Vice President Potter yesterday. The result of that conference will either be a settlement of the difficulties between the men and the officials or a general strike.

The orders were sent out sealed, not to be opened until telegrams are sent to certain designated parties telling of the final decision of President O'Connell. One of the union officials said last night that there would be no announcement of a strike, but that the men would simply lay down their tools at an appointed time.

Whooping Cough.

"In February my daughter had the whooping cough. Mr. Lane, of Hartland, recommended Chamberlain's Cough Remedy and said it gave his customers the best of satisfaction. We found it as he said, and can recommend it to anyone having children troubled with whooping cough," says Mrs. G. Goss, of Darand, Mich. For sale by W. F. Creighton & Co., and Richard Gibson.

MOUNT IDA

15 Minutes From Washington, Immediately on Car Line.

Every one says that it is the most beautiful spot between Washington and Alexandria. With the splendid improvements we are now putting in one will have all city conveniences with the pleasure of the country. We are determined to make this a strictly first class residential section, and while we are selling the lots extremely cheap to the first buyers, we have such restriction in the deeds that it can never be anything but high class property. We are glad to say that the best people of Alexandria and Washington seem to appreciate this, by the way they have bought the lots the first few days we have had them on sale. Over 65 lots sold in four days. Many new houses will be built at once.

Come out and see the beautiful property go up on the high hills, and among the stately oaks when you can look over the beautiful city of Washington and the historic city of Alexandria and the beautiful Potomac flowing below you, and you will be charmed. No such view can be had elsewhere around these parts. Remember until June 1st lots will remain at the low price of \$100 up. Any terms to suit. After June 1st they will be advanced. Ask conductor to put you off at MOUNT IDA. Company's office at station.
